

HAMILTON KIDNAPS TRIO BOYS

SEVERE BLIZZARD SWEEPS OVER TEXAS

SNOW, SLEET AND DUST STORM WITHIN 24-HOUR PERIOD

MERCURY TUMBLES TO SUB- FREEZING FROM SPRING- LIKE POSITION

By The Associated Press.
A freakish blizzard, lashing the state with chill north winds, snow, sleet and dust storms, was marked today by overnight temperature drops of as much as 50 degrees in places.

Balmy springlike weather which prevailed much of last week was suddenly dissipated as the mercury began its violent drop.

Dust clouds raced across the western plains yesterday in advance of the cold wave. At Amarillo this morning the temperature had fallen to 8 degrees above zero and dust, which clouded the air yesterday, had disappeared. A north wind of moderate intensity still was blowing and some sleet fell.

The mercury tumbled from 76 yesterday afternoon to 21 this morning in Dallas. A dust storm followed by a thundershower, preceded the hail and sleet which blanketed Dallas during the early morning hours. Fine sleet still fell this morning.

The weather bureau reported snow falling at El Paso, where the temperature hit a minimum of 32.

Abilene had a mercury drop from 77 yesterday afternoon to 20 this morning. A severe dust storm there last night was followed by some sleet. Dust and a strong north wind were whipping through town today.

Sleet at Corsicana
A 50-degree temperature fall occurred.

THIRTEEN DEAD, 130 INJURED AS RESULT STORMS, BLIZZARDS

TORNADOES RIP THROUGH KANSAS AND OKLAHOMA; TEMPERATURES DROP

KANSAS CITY, Feb. 25. (AP)—A blizzard—the latest ingredient in a strange weather concoction served within three days—moved into the midwest today leaving 13 dead and 130 injured.

Blizzard weather, centering in the Great Lakes district, sent temperatures reeling from spring-like readings. Snow and sleet were falling.

The deaths were attributed to the blizzard, one to a tornado that ripped through Oklahoma, Missouri and Kansas last night, and one to a sand storm in Colorado.

Trains, buses and motor cars were delayed and planes were grounded.

KANSAS CITY, Feb. 25. (AP)—Blizzards, tornadoes and dust storms—a strange weather mixture—marked their passage with death.

Four persons were killed and more than 130 injured by storms which struck between the Mississippi and the Rockies.

Tornadoes ripped over a narrow triangular course from Wichita, Kas., to Commerce, Okla., and Joplin, Mo., last night, leaving damage estimated unofficially at more than \$200,000.

Mrs. Ellen Teague, 69, was killed.

Judge Overrules Motion New Trial For Jim Garrison

Special District Judge Norris W. Lovett overruled the defense motion for a new trial for Jim Garrison Monday afternoon and stated the formal order would be entered and sentence would be pronounced Tuesday.

The defense gave notice of appeal, and will be given 90 days to file exceptions, etc. Bond will likely be arranged as soon as sentence is pronounced, it was intimated Monday afternoon, pending the outcome of the appeal to the court of criminal appeals.

DUST STORMS HARASS KANSAS

Dust, borne on the wings of high winds, whipped across western Kansas and neighboring states, causing interruption of traffic and communication in some sections. This picture, made near Colby, Kas., shows dust heaped high against a snow fence along a highway. (Associated Press Photo)

FIFTY-DEGREE DROP LOCAL TEMPERATURE REGISTERED MONDAY

TYPICAL MARCH SPRING DAY GIVES WAY TO SUB-FREEZ- ING AND SLEET

The uncertainty of Texas weather has been thoroughly demonstrated during the last few days. Almost every type in the weatherman's stock has been visited upon this section within the past week. There have been warm, spring-like days, there was a dust storm, a typical March wind, rain and all of this was capped off with sub-freezing temperatures and sleet early Monday morning.

A drop of 50 degrees was registered from the maximum of 76 recorded Sunday to the minimum of 26 reached during the early morning hours Monday.

A strong wind blew from the south almost all day Sunday, but it was clear and the sunshine warm. Late in the evening the wind almost died and a heavy black cloud could be seen in the

PROHIBITION REPEAL SCHEDULED TO COME BEFORE COMMITTEE OF BOTH TEXAS HOUSES THIS WEEK

FAREWELL NOTES OF DEAD GIRLS READ TO PUBLIC IN COURT

PROTESTS OF FATHER UN- AVAILABLE; SUICIDE IS COR- ONER'S JURY VERDICT

By GAYLE TALBOT
(Associated Press Foreign Staff).
ROMFORD, Eng., Feb. 25. (AP)—Elizabeth and Jane DuBois, who plunged from an airplane to death last week, visualized their suicides as a "pretty straight" corridor to the dead men they loved.

A coroner's jury today returned a verdict of "suicide while of unsound minds" after it had heard the contents of two letters which the girls had intended only for their father, Court DuBois, United States consul general in Naples, and their mother.

The father, tight-lipped and white-knuckled, attended the inquest. The mother stayed alone at a hotel, and the girls' bodies were taken to a commercial transport ship.

In their letters, the two beautiful American girls told of their grief for the deaths of Flying Officer John A. C. Forbes and Flight Lieutenant Henry L. Beatty, who were killed at Messina, Sicily, two weeks ago when their Royal Air Force flying boat "Ace of Diamonds" crashed into a hillside.

One of the notes said that Flying Officer Forbes, engaged to another girl, was going to break off his engagement in order to marry Jane.

The letters were read publicly.

RACE HORSE BILL TEST DEFERRED AS HOUSE ADJOURNED

DEBATE CONTINUED ON SEN- ATE BILL TO SELL RELIEF BONDS; NO ACTION

AUSTIN, Feb. 25. (AP)—Another test on repeal of the partial-race wagering law was deferred when the Texas house today voted to adjourn until tomorrow without acting on a bill to stamp out race bookmakers. Adjournment took place at 11:30 p. m.

The Italian S. S. Caterina, Madra, about 40 miles west of El Paso, said that her propeller was gone and added "dangerous situation."

The 293-ton Greek steamer Etichia Vergottis called for help, saying her steering apparatus was disabled. She gave her position as Latitude 46 North, Longitude 8 West, in the Bay of Biscay.

Another Italian steamer, the S. S. San Pietro, reported she had repaired her damage but asked nearby ships to "come as near as possible."

The S. S. Ottinge, without a rudder off Lands End, reported that she had been taken in tow.

The Belgian S. S. Styre, bound for Antwerp, the Levant sent an SOS asking immediate assistance; and the British S. S. San Melio, from Tuxpan to Tyne, re-

Alleged Dealers In Liquor Faced With Heavy Cost

President Silent On Progress His Work Relief Bill

HYDE PARK, N. Y., Feb. 25. (AP)—President Roosevelt watched intently but silently today the reaction of the country to the senate's vote against his work relief program.

At his boyhood home here for a rest, the president offered no comment but there was every indication that he was convinced that work relief rather than the role was the better attack on unemployment.

With the \$4,880,000,000 work bill back in the senate appropriations committee it appears likely that Mr. Roosevelt will suggest its reconsideration by the senate once the measure of public reaction had been recorded. However, he carefully refrained from any comment today on this or other public issues.

Members of the presidential staff have reflected some concern at the effect on congress of messages from organized groups and they are also watching keenly and silently the result of the move by senate leaders to cause general public sentiment.

HOWLING GALES ARE TAKING TOLL ALONG COAST OF FRANCE

OTHER CATASTROPHES ADD TO NUMBER OF FATALITIES IN OLD WORLD

By The Associated Press.

A howling gale that for three days has swept North Atlantic shipping lanes and battered the coast of France as it turned through the Bay of Biscay into the Mediterranean added today to its mounting toll of lost lives and disrupted shipping.

Several fishermen were lost when washed overboard as the waves lashed their tiny craft in the Bay of Biscay. Ten were killed ashore in France as winds of gale force interrupted communication.

Eight were killed and five injured in earthquakes in Greece. Other earthquakes were reported at Malta and Cairo.

Four persons were reported killed and several injured when an explosion smashed the hold of the S. S. Governor General Jonnart in the harbor of Tunis, Tunisia.

Two ships reported themselves in urgent need of assistance while dozens of others were endangered by the mountainous seas.

The Italian S. S. Caterina, Madra, about 40 miles west of El Paso, said that her propeller was gone and added "dangerous situation."

The 293-ton Greek steamer Etichia Vergottis called for help, saying her steering apparatus was disabled. She gave her position as Latitude 46 North, Longitude 8 West, in the Bay of Biscay.

Bond and Appeal For Kennamer Is Counsel's Plan

CONGRESS STILL FACING ALL ITS MAJOR TASKS; PRONE TO DEBATE ADMINISTRATION BILLS

By D. HAROLD OLIVER
(Associated Press Staff Writer).
WASHINGTON, Feb. 25. (AP)—A mobilization in behalf of work relief "that will make the bonus army look like a Boy Scout parade in comparison" was forecast in one quarter today "if it becomes necessary" to secure passage of the administration's \$4,880,000,000 bill.

Paul V. Betters, director of the United States conference of mayors, made the forecast in a formal statement as senate leaders marked time on the Roosevelt work relief program with its unwieldy McCarran prevailing wage amendment.

At his Hyde Park home, President Roosevelt watched silently for national reaction to the 44 to 43 senate vote which attached the prevailing wage amendment against his wishes and forced Democratic leaders to return the bill to the appropriations committee.

There was some belief Mr. Roosevelt may, at a later date, ask the senate to reconsider the bill. Betters said that "telling 2,500,000 workers they can not work, regardless of the reason, is to force social unrest which will be unparalleled." He added:

"When it is considered that three and a half million workers represent close to 15 million dependent family members now on federal relief, this congressional sentence is more severe and serious than any action taken by any government in the history of the world."

GANGSTERS' WOMEN FRIENDS PLACED ON TRIAL

HUEY LONG, HEAVILY GUARDED, GOES BACK LOUISIANA CAPITAL

ALLEGEDLY HAS IN MIND RE- SUMPTION OF HEARING IN- TO TELEPHONE RATES

BATON ROUGE, La., Feb. 25. (AP)—Senator Huey P. Long arrived in Baton Rouge today from Washington and New Orleans and went immediately to the state capitol where he conferred with Governor O. K. Allen preparatory to resuming his public service commission hearing into telephone rates.

The senator was accompanied in all his movements by a heavy guard of state police and national guardsmen, the latter on duty here under Governor Allen's Jan. 26 martial law proclamation affecting East Baton Rouge parish.

Asked whether the governor planned to call a special session of the legislature to act upon Long's agreement with the Standard Oil company of Louisiana for a rebate of the tax on refined oil, Long replied:

"I don't know. I am going to talk to the governor about it now. There may be one, but I don't think there will be."

NEW ORLEANS, Feb. 25. (AP)—Surrounded by bodyguards, Senator Huey P. Long arrived in New Orleans today and took an automobile immediately for Baton Rouge where martial law has been in force for about a month.

His fight his enemies have been waging on his political leadership.

The senator as counsel for the Louisiana public service commission said today he was resuming today his investigation of the telephone rates before the Louisiana public service commission in the capital city.

In the midst of more than a score of attendants, Long walked hurriedly from his train in the railroad station to his automobile which was parked close by in the center of a line of six cars.

When he left the train his army of bodyguards surrounded him and no one was permitted to speak to him. Some of the attendants of the senator held their hands to the

Bond and Appeal For Kennamer Is Counsel's Plan

PAWNEE, Okla., Feb. 25. (AP)—Two moves to rescue Phil Kennamer from the prison penalty he drew for the slaying of young John F. Gorrell, Jr., were due today.

One was the first attempt to provide the \$25,000 bond that will free him from the jail here, and the other was the filing of formal notice appealing from the 25-year term meted out to the boy following his conviction of manslaughter.

A. Flint Moss, chief of Kennamer's defenders, said he planned to start action toward furnishing the bond today.

As his father, Federal Judge Franklin E. Kennamer, sought relaxation at a resort near Tulsa without making an immediate effort to get his son released, Phil passed the week end eagerly reading newspapers.

He sent a trusty after half a dozen Sunday papers and spent the day comparing the stories of the day in district court Saturday when he calmly heard his quarter-century sentence.

Verbal notice of appeal was given Saturday after the 19-year-old boy was sentenced.

SLIPPERY BANDIT ESCAPED TRAP SET BY POLICE SUNDAY

BELIEVED WOUNDED; CAR ABANDONED AND YOUTH AND CAR LATER TAKEN

M'KINNEY, Feb. 25.

(P)—Raymond Hamilton, slippery desperado who narrowly escaped death in a police ambush near here last night, was reported fleeing west today with three abducted farm boys after spending part of the night at a farm house three miles west of Collett.

It was reported that Hamilton was shot in the jaw last night when officers poured a barrage of shots into the car in which the condemned killer and a companion fled from McKinney to Weston, 10 miles northwest of McKinney. The fugitives abandoned their car about a mile and a half west of Weston.

Although officers searched throughout the night for the fugitives, they could find no trace of them until this morning and then it was learned the fugitives had continued their flight at daybreak, taking with them three captives.

They were last reported headed in the direction of Denton. They were in a 1929 (Chevrolet) sedan.

Kidnapers Farm Boy.
Officers learned that after abandoning the bullet-riddled car, Hamilton and his companion had held up J. C. Kell, 16, a farm boy, and driven off in his roadster.

They drove to the farm of Mayes, three miles west of Collett, a town 18 miles northwest of McKinney, and spend the remainder of the night. At dawn they left, taking with them Busty Taylor, son of the farmer; C. Harlow, a farm boy, and young Loftis.

The district attorney's office here was advised that Hamilton and his companion were armed with two automatic rifles and two pistols. The automatic rifles were stolen about a week ago from the Beaumont National Guard armory. Dallas officers said they believed Hamilton's companion is a

TWO MISSIONARIES REPORTED MURDERED CHINESE PROVINCE

CONCERN FELT FOR SAFETY OF OTHERS IN SCATTERED OUTPOSTS

SIAM, Siam, China, Feb. 25. (AP)—Unconfirmed reports received by the local office of the China Inland Mission today said two missionaries, the Rev. and Mrs. S. C. Frenchman, stationed at Nanking in Southwest Siam province, had been kidnapped and murdered.

Mr. Frenchman is an Australian from Melbourne and his wife a former resident of London. Both are less than 30 years old. They have been married not quite a year.

Concern was felt in view of these reports for the safety of two American women missionaries stationed at Fengshien in West Siam. American missionaries Miss V. Thompson, Nevada, Iowa, and Miss Mary Arberry of Chicago, were reported to be missing. They evacuated Fengshien Feb. 18 and have not been heard from.

Within the past few days 25 American, English, Australian and Canadian missionaries have been evacuating Western and Southern Siam under harrowing conditions as the result of heavy snowfall and bitter temperatures, the whereabouts of a majority of them, including women and children, is not known.

NRA Officials Seek To Extend Grip on Trades

WASHINGTON, Feb. 25. (AP)—While controversy over NRA's future continued, an authoritative source disclosed today that blue eagle officials are tentatively considering bringing the service trades under the general retail code.

These trades employ 5,000,000; barbers, bootblacks, restaurant employees, pants pressers and other such workers.

These trades are puzzling, certain recovery chieftains were said to have hit upon the retail code idea as a means of solving a

RETIRED NEWSPAPER EDITOR BURIED HERE SUNDAY AFTERNOON

Funeral services for Oliver H. P. Garrett, aged 75 years, retired newspaper editor, who died in Fort Worth Friday night, were held from the chapel of the Lutheran-McCannon Funeral Home Sunday afternoon with interment in Oakwood cemetery. The rites were conducted by Rev. E. T. Miller, pastor of the First Baptist church.

Mr. Garrett was connected with the Paris Morning News for 33 years prior to his retirement eight years ago.

Surviving are his wife and daughter, Miss Eulalia Garrett, both of Fort Worth.

The family also have many years ago and Mrs. Garrett is a sister of the late Mrs. Steve Smith.

Palbearers were Kendrick Buser, Kenneth Garrett, Carl Euser, Largent Parks, Leonard Buser and Roy Stubbs.

Relief Bill

(Continued From Page One)

As administration leaders strove to control after the defeat on the prevailing wage amendment, the capital wavered whether President Roosevelt would make another of his fire-side chats to the nation soon in behalf of his fight for "security wages."

Administration strategists, who had the \$4,880,000 wage amendment bill at hand to the committee after the McCarran amendment had been tacked on to it over white house opposition, watched today for a sign of a waver.

They indicated these protests already had begun to come in, and they counted on the states, counties and municipalities eager to get public works money. Their plan apparently was to keep the bill in the committee in committee until the public works money was exhausted.

The American Federation of labor, a leader in the drive for the McCarran amendment, gave no hint of any change in its announced intention to exert all the might it could muster in behalf of public works wages equaling those of private industry.

Chairman D. (D-Nev) of the appropriations committee had yet to set a date for a meeting on the relief bill, though one was expected this week.

White house relief bill was held in committee democratic chiefs prepared to receive a special message from the white house later in the week recommending merchant marine aid to supplement the existing mail contract system.

Three Americans

Killed in India

Auto Accident

MADRIS, India, Feb. 25.—(AP)—Leroy Weber, United States consul here, a native of Buffalo, N. Y., and three others were killed in an automobile accident near here last night.

The other victims were A. W. Estey of Tacoma, Wash., a Standard Oil company representative, and a former resident of Vancouver, and the native driver.

NRA

long-pending problem of enforcing wage and hour provisions in these small businesses definitely not engaged in interstate commerce.

It was disclosed today that some officials believed the barber and beauty shops, dyers and cleaners and other trades could be linked to the retail code because most all sell prepared food in addition to the services rendered. It was pointed out, as an example, that in many cases motor service stations sell tobacco and candy as well as oil, gas and tires.

A definite decision to move to bring these businesses under the law has not yet been made, so far as is known.

JONES

(Continued From Page One)

five borrowers, and those who are able should borrow and invest and take a reasonable risk with faith in their country and their money."

Asserting that there was a disposition on the part of some to hold back on the ground that they did not know what to expect from the government, Chairman Jones added:

"To my way of thinking this is short-sighted and unsound. The government is our government. The government will be forced to provide work on relief to the extent that private enterprise fails."

Jones cited that 63 per cent of the \$4,020,000,000 actually loaned by the RFC had been repaid and said such loans were made largely on collateral that banks would not accept.

Personal

Sheriff Rufus Pevehouse and Deputy Sheriff J. M. Westbrook were on duty Saturday morning as witnesses in cases set for trial there.

J. T. Stroder and Prentice Stroder, both of the Emmett, Okla., family, were Corisican visitors Saturday morning.

C. L. Burns of Purdon was a Corisican visitor Saturday afternoon.

At the time the building is completed and capable of being used. Buildings under construction are not subject to a depreciation allowance.

It is clearly shown that, because of economic or other conditions, property must be abandoned at a date prior to the end of its normal useful life, so that depreciation deductions alone are insufficient to return the cost of the property to the taxpayer.

A reasonable deduction for obsolescence may be allowed in addition to depreciation. No deduction for obsolescence is permitted because of the opinion of the taxpayer, the property may become obsolete at some future date.

ADMINISTRATION DEMOCRATS ARE IN NEED OF BOX RELIEF TO STEM OPPOSITION RALLY

WASHINGTON, Feb. 25.—(AP)—Democrats of the "conservative" and "ultra-liberal" wings are having their innings in the senate these days. Capitol observers are wondering when and if the administrationists are going to rally in the box and stem the opposition. Political sideliners, trying to figure what the score will be when this session's game is over, took a look at the lineup on the four major questions on which the Roosevelt administration has met since the president took office.

Twenty-nine Democrats went against their White House chief in the last congress when the veterans' compensation bill was overruled. Twenty-two voted against the St. Lawrence waterway treaty in the same congress.

This session, 20 democrats left the reservation to vote against the world work and 21 answered "no" on prevailing wages for public works despite strenuous opposition by the White House.

The latter vote was the first serious setback for the president on any part of the emergency recovery program.

Senator McCarran, Nevada democrat, around whose prevailing wage amendment the struggle raged, has differed from the administration more than once. He joined with Senator Steiwer (R-Ore.) in the last congress to force more liberal veterans' payments over presidential objections.

—Carter Glass and Harry Byrd have hurled criticism also at intervals. The former at new deal monetary and banking policies, the latter at the efforts to expand the agricultural adjustment program and more recently at the relief bill and social security program.

Franklin Long is taking frequent swipes at the administration program. Many credited him with swinging the decision against Roosevelt on the wage question.

Ultra-liberals—Wheeler of Montana and Thomas of Oklahoma—have partially won some of their ideas for monetary reform and even the administration stalwart Wagner of New York has now differed from his chief on the wages phase in the relief bill.

Next in interest on the government's list of appointments to be made soon was that of a representative of the University of Texas to succeed Beaufort Jester of Corsicana, chairman, Allred said he would not reappoint Jester.

Most other important posts, in which incumbents' terms are expiring, will be filled after adjournment of the legislature. Recess appointments will serve pending confirmation at a future session.

Other nominations Allred may make during the session include three directors of the agricultural and mechanical college; membership of the state commission of the blind; pink bollworm commission; Texas state board of medical examiners; sundry commissioners of specific parks, and five members of the board of veterinary medical examiners.

HUGE ROOSEVELT WORK RELIEF PROGRAM BACK IN SAME PLACE AS MONTH AGO; FUTURE DARK

By HAROLD OLIVER Associated Press Staff Writer.

WASHINGTON, Feb. 23.—(AP)—A movement was initiated today by Senator Huey P. Long to provide \$2,500,000,000 for highways and relief bill.

He sent telegrams to highway commissions in each state urging them to endorse his plan for highway construction as an unemployment work measure.

Meanwhile, the \$4,880,000,000 work and relief measure was back in the senate appropriations committee facing an uncertain future.

"Take 2,500,000,000 to use on improving, widening and constructing public highways," Long told newspaper men, "allow about \$50,000,000 to each state, some more and some less, and you will do away with 90 per cent of the relief roll."

The state highway organizations are all set and ready to shoot.

"Every dollar spent will build up the country that much. All the money that is put in is good. They have just been throwing the people's money away, breeding a spirit of idleness, causing some to just sit down and rather than work than be honorably employed."

WASHINGTON, Feb. 23.—(AP)—The huge Roosevelt program of work relief, scheduled to be introduced next month ago, faced a nebulous future today. Talk on Capitol Hill ranged all the way from hints the president would carry the fight to the country to a prediction that he is "dead and buried."

It was Senator Byrnes (D-S. C.), an administration supporter, who had said the bill had met its death, but some proponents of the McCarran prevailing wage amendment answered today that they believed this was merely a "threat."

Byrnes amplified today the statement he made yesterday after the \$4,880,000,000 bill, which the McCarran amendment had been tacked over the strenuous opposition of administration supporters, had been sent back from the senate floor to the senate appropriations committee.

Insisting he was expressing his own belief and not talking for the president, Byrnes said "there is no prospect" of reviving the work relief program and the committee probably will do nothing about it.

"The president stated that if the McCarran amendment were adopted he would not sign the bill," Byrnes said. "The senate adopted it. Therefore, so far as the work is concerned the bill is gone."

He expressed the thought the committee would report out an appropriation of \$80,000,000 or \$100,000,000 to carry out the present relief program for six months or a year. This program, strictly speaking, is not a dole pure and simple but a combination of dole and work relief.

Such a move by the committee would mean at least a major delay in the president's plan to put 3,500,000 "employables" to work on public works at "security wages" of about \$50 a month.

Behind the McCarran amendment, which include the American Federation of Labor, want the payment of wages prevailing in private industry.

SECRET ORGANIZATION RUMORED OF DEMOCRATIC CONGRESSMEN MAY MEAN BEGINNING OF REVOLT

By CLARENCE M. WRIGHT Associated Press Staff Writer.

WASHINGTON, Feb. 23.—(AP)—Creation of a secret organization of 100 democratic members, in an attempt to consolidate "dissatisfied" groups into a cohesive voting unit, was under way today in the house.

The exact plan of strategy had not been mapped because the movement was still in its formative stage.

Some who had discussed the idea, and approved it, said it was the outcropping of a desire to "revolt" and "legislate for ourselves once in a while. Other would get a 'revolt' was contemplated.

No leader of the movement would permit his name to be used, but the various ideas privately expressed simmered down to this:

One hundred carefully chosen members would be picked to meet either in a "rump" democratic caucus or in smaller groups to discuss legislation. They would outline a schedule of pending bills, accept the recommendations of their own group, and agree to vote as a unit. All would have to make a strict secrecy pledge, agreeing not to disclose the plan to newspapermen or to members outside the group.

Numerous ideas were in the minds of the members seeking to form the organization. One said it could be used to make "the administration see light" on patronage. This man, a newcomer to congress himself, said new house members were being recruited against when it came to the distribution of federal jobs.

Another said that the 100—with sufficient support from republicans—could force amendments in bills which they did not like.

A third said the 100 could see that "the national forests and parks get a square deal and a little more of this money that is being thrown around" and that new silver, inflation, banking and monetary legislation is put through.

A fourth insisted that as he saw it the group's primary purpose should be to give the President accurate information about how his aides are missing a chance to set up a first class political organization.

Democratic leaders, who said they had not heard of the movement, expressed doubt that it would get anywhere since the various groups have such dissimilar ideas.

Cal Kerr says there are three elements to success in selling your property modernization, long-term financing and advertising.

Eight Killed in Quakes Shaking Island of Crete

LONDON, Feb. 25.—(AP)—Earthquakes in Greece today killed at least eight persons and injured five more according to reports from Athens.

The casualties were in the Candia section of the Island of Crete where there was also considerable property damage.

Other earthquakes were reported at Malta and Cairo. The report from Malta said the epicentre of the quakes felt there were believed to be in the sea of Marmara.

Strong earth shocks were reported from a wide area in the region of the Mediterranean sea and the sea of Marmara.

Reports from Cairo said the shocks were so pronounced that sleepers were awakened. Quakes of like intensity were experienced in Malta.

BARROW-PARKER

(Continued From Page One)

tailed activities of the gang during the period mentioned in the charges. Other witnesses corroborated the statements.

The defense had three character witnesses for John Basden, who today changed his plea to guilty.

BLOODY GUN FIGHT RECALLED DURING HARBORING TRIAL

TESTIMONY BLANCHE BARROW AND HIGHWAY PATROLMEN HEARD SATURDAY

DALLAS, Feb. 23.—(P)—The bloody gun fight between the Barrow gang and officers at Platte City, Mo., in 1933, was recalled today in testimony during the government's prosecution of twenty persons charged with harboring the slain Clyde Barrow and Bonnie Parker.

Details of the encounter came from stories of two participants, Blanche Barrow, widow of Buck Barrow, and William J. Baxter of Kansas City, Missouri state highway patrolman.

In a statement made to A. E. Farland, department of justice agent from Kansas City, the Barrow woman told how she dragged her wounded husband from the Platte City battle ground, and while officers fired at her, placed him in a car and escaped. Flying glass blinded her after they were in the car, she said, and she was unable to see for several days. The statement was offered in evidence.

Baxter testified his suspicions had been aroused when the woman proprietor of a camp told him of the unusual activities of some four or five guests in one of her cabins. He said 11 officers participated in the midnight shooting that followed and two of them were wounded.

Farland testified that the Barrows had about 40 guns at the time Buck Barrow was wounded fatally and Blanche Barrow was captured at Dexter, Iowa, a short time after the Platte City fight in July, 1933.

Buck was a brother of Clyde Barrow, who took part in the Platte City gun fight.

DALLAS, Feb. 23.—(P)—An assault and battery witness by one of the twenty persons on trial here for harboring the slain desperadoes, Clyde Barrow and Bonnie Parker, was reported to Judge William H. Atwell today.

United States District Attorney Clyde Eastus informed the court that the defendant, S. J. Whitley, assaulted James Hamilton, a witness, on the third floor of the court house after yesterday's court session, at which Mullen had testified concerning activities of the Barrow gang and a break at Eastham State prison farm.

Judge Atwell said he was grieved to hear of the attack and stressed the fact that officers should use every precaution to prevent anything like it occurring again.

He instructed the jury not to consider the attack in connection with the harboring case, but indicated the matter was not closed when he said "the court will arrange to take care of the matter later."

Mullen was called back to the stand for a few minutes to identify a Browning machine rifle as the sort that Clyde and Bonnie had while he was with them.

Paul Part of \$2,000. On cross-examination, he told Bert Ashby, defense counsel, that Raymond Hamilton had paid him \$65 of the \$2,000 he had promised him for aid in the break at Eastham prison farm in January, 1934, and that he was confident he would pay him the balance "if he had a chance."

Raymond Hamilton, condemned killer and bank robber, is only one of the harboring case defendants who failed to appear for trial. Officers have been unable to apprehend him since he and one escaped accomplice, out of the death house at Huntsville prison last year.

Mullen said he would not now accept the balance due him from Hamilton for the Eastham break. J. C. Baker, a sign writer, said he "was at the home of Lillian McBride in West Dallas one evening in January, 1934, when a man he afterward learned was Mullen came to the door. He said he heard the man ask her if she wanted to see Raymond, and heard her direct him to Floyd Hamilton's home. No other conversation passed between them, the witness said. Floyd is Raymond's brother and a defendant.

Hillsboro Man Witness. A Hillsboro man told of how a car containing three men drove up to his filling station the day of the Eastham prison break. He told of hearing about the escape over the radio and said he told the occupants of the car about it. They professed to know nothing of it.

Raymond Hamilton was freed from Eastham prison farm in that break along with several other desperate criminals, but later was recaptured and sentenced to death for killing an Eastham guard, Major Crowson. It was while awaiting execution that Raymond made his escape from Huntsville penitentiary.

Floyd Hamilton Identified. Floyd Hamilton was identified by two witnesses, Robert L. Jones, special agent of the department of justice, and Ivan Jones, who said he was working in an automobile establishment at Bowie in Jan., 1934, when he sold Floyd Hamilton and another man an automobile generator.

The government alleges that Hamilton and his companion took the generator to Clyde and Raymond to aid their escape. Charlie Nolan, negro living in Ellis county, told of seeing several men change clothes in the vicinity of his home on the date of the Hamilton break from Eastham prison farm. He said he later recovered some clothing from a creek and turned it over to a constable. Nolan testified one shirt had the number 82 on the back.

W. D. Cline, steward at Eastham farm, testified that shirt 82 was worn by W. H. Bybee, one of the convicts who fled with Raymond and Hamilton.

Lee Simmons, general manager of the Huntsville prison, testified that the Hamilton break, in which one guard was killed at Eastham farm, occurred Jan. 16, 1934. He listed the escaped convicts.

O. R. Key of Vernon took the stand to establish the fact that the automobile had been stolen. He was followed by D. J. Lewis, chief of police at Vernon, who testified that the car was

Would Reduce Size of Texas Legislature

AUSTIN, Texas, Feb. 23.—(P)—

Reduction in the size of the Texas legislature and readjustment of the ratio in number between the house and senate is advocated in a constitutional amendment proposed by Representative J. Carroll McConnell of Palo Pinto.

He would change the 60-year-old constitutional specification of 150 representatives and 51 senators to a house of 96 and a senate of half the number. No county would be entitled to more than two representatives.

Although many amendments have been proposed, the constitution of 1876 has never been changed regarding the size of the legislature. It provided the senate should consist of 31 members, and the house, of that date, 93 members, with reapportionments to continue on the basis of one representative to each 15,000 population until the 150 maximum was attained.

With population gains, the membership reached the maximum soon after the turn of the century, and now about 40,000 citizens are represented by each member.

NAVARRO COUNTY GETS \$483 FOR RAT ERADICATION USE

AUSTIN, Feb. 23.—(P)—The Texas relief commission today approved 40 work relief projects designed to employ 483 men daily at a cost of \$55,069.

Projects included, by counties: Bexar, \$216; Brazos, \$208; Dallas, \$648; Tarrant, \$432; Travis, \$216; and Caldwell, \$1,996, for teacher employment, Grayson, 960 road improvement, and Navarro \$483 for rat eradication.

Enters Plea of Guilty. Robert Sims entered a plea of guilty to a charge of theft in the county court Friday and was fined \$50 and costs by Judge C. E. McWilliams.

The jury for the week was excused Friday.

Identified the stolen car was recovered in Oklahoma. This testimony was used to bolster the government contention that Keys' car was stolen and used by the Hamilton gang to aid their escape.

Details of Barrow Crime Career Told. DALLAS, Feb. 23.—(P)—Government attorneys etched more vivid pictures of the crime careers of Clyde Barrow and Bonnie Parker today in their drive to send to prison the 20 relatives and associates they claim harbored the couple between outrages.

Testimony concerning the inner workings of the Barrow-Parker combine and the almost casual manner in which the hunted pair drove in and around Dallas, continued toward the climax of the prosecution, as officers who participated in the ambush slaying of Clyde and his girl friend, will describe the killings as they occurred on a deserted Louisiana road in May, 1934.

Mrs. Cumie Barrow's contempt for Henry Methvin, one of the defendants, who gained a prison parole for supplying the tip that brought death to her boy and Bonnie, was read into the record yesterday by E. J. Dowd, department of justice agent.

Her signed statement, made many months ago, said: "I know that Henry Methvin put my son and Bonnie Parker on the spot and I'll do everything I can to put the laws on his trail."

Her clandestine meetings with Clyde and Bonnie during the time officers of southwestern states sought them for killings, kidnappings and bank robberies, were admitted in the statement.

Methvin, now accused in the slaying of a Miami, Okla., constable while traveling in the company of Clyde and Bonnie, did not look at Mrs. Barrow when the statement was read.

The government plunged into the spectacular delivery of five Eastham state prison farm inmates through testimony of James Mullen, 48-year-old convict.

He told of plotting the break with Raymond Hamilton, former Barrow right-hand man, when the two were on the prison farm. He said Hamilton promised him \$2,000 to effect his release.

Mullen Tells Story. After he had served his time, Mullen said he came to Dallas and plotted with Floyd Hamilton, Ray's brother, and Clyde and Bonnie to free Hamilton from the prison farm.

Pistols were cached near the farm by Barrow, Bonnie and Mullen, he testified, three days before the break.

On the day of the break Mullen and the outlaw couple drove to within a mile of a stretch of woods where the convicts were working.

"We had been there only a few minutes when we heard two shotguns fire and a lot of hollering. We sat there ten minutes. Soon three men in white prison clothes and one in stripes approached us. They were Raymond Hamilton, Hilton, Bybee, Joe Palmer and Henry Methvin."

He told of the convict-laden car backtracking over side roads and how they finally halted at Rhome, in Tarrant county. Many times the desperadoes drove brazenly along highways near Dallas, where hundreds of officers sought them.

He said Raymond gave him \$675 and Floyd, \$500.

Ray Hamilton's nonchalance was brought out in Mullen's testimony. Soon after the Eastham escape, Mullen said Hamilton talked of robbing "either the Arlington or West bank."

"I'll rob the one I'm closest to in the morning," Hamilton told Mullen.

"That afternoon I read in the paper where the West bank had been robbed," the witness said.

JUDGE OVERRULED NEW TRIAL MOTION OF PHIL KENNAMER

SENTENCE THEN PASSED ON YOUTHFUL TULSA FOR FRIEND'S SLAYING

PAWNEE, Okla., Feb. 23.—(P)—A 25-year sentence today was meted Phil Kennamer 19-year-old Tulsa youth convicted of first degree manslaughter Thursday night by a district court jury for the slaying of John F. Gorrell, Jr., last Thanksgiving.

Sentence was pronounced by Judge Thurman Hurst, who presided at the ten day trial, held here on a change of venue from Tulsa, where the slaying occurred.

A short time before he entered the courtroom, Kennamer bet a fellow prisoner in the little county jail \$10 to \$1 he could not guess the sentence.

The prisoner guessed 25 years. The sentence was imposed after Judge Hurst overruled a motion for new trial. He fixed bond at \$25,000 and granted ten days to make bond pending appeal.

A Flint Moss of the defense filed notice of appeal. Judge Hurst granted four months time to prepare the appeal.

PAWNEE, Okla., Feb. 23.—(P)—Attorneys for Phil Kennamer this afternoon argued a motion for a new trial before Judge Thurman Hurst before sentence was pronounced.

A Flint Moss of the defense, singled out various incidents of the trial he asserted were prejudicial to the interests of the 19-year-old slayer, John Gorrell in Tulsa last fall.

Moss declared the judge had aided the jury in convicting Kennamer. He declared that A. M. Minger of Norman, Okla., a state psychiatrist had been allowed to say the only place in the state where he believed Kennamer would be confined was federal penitentiary at El Reno.

"I have searched for 24 hours and I cannot find a single reference where any such occurrence ever was permitted in an American court," Moss said.

"That's what an expert's opinion is for," commented Judge Hurst.

"Please keep in mind that we passed self defense and if a verdict was found for us this defendant would have walked out a free man," Moss said.

"And yet, your honor tolerated asking a so-called expert where he would confine this boy if he were a jury."

"We claim that was misconduct upon the part of the judge," Moss pointed out it had been ruled impossible to produce evidence intended to establish the good character of Gorrell.

He said Perry Carmichael, former teacher of Gorrell, had been on the stand when a noon recess was taken to debate admissibility of his testimony.

"After lunch the state but on L. D. Kern, Tulsa officer and former Pawnee county officer, for the same purpose as Carmichael, and all because Kern was known to many of the jury," Moss said.

"And then Lee Johnson of the prosecution, made the gravest statement that the state intended to 'put on dozens of character witnesses'."

Scores Prosecution Argument. A closing argument point by W. E. Gilmer, Jr., that "two front rows of seats were occupied by fashionably dressed society women who had paid for them and that he, if he were not a prosecutor, could not get inside the courtroom."

"That is the most contemptible, diabolical, outrageous statement, or else the frothing of one so ignorant of good taste he should not be permitted in a court room," Moss declared.

Gilmer winked at a friend. Gilmer was perched, cross-legged, atop one of the press tables inside the rail.

Moss said the mere fact the defense had not objected to the statement at the time it was made, it had no bearing on the point of law involved.

PAWNEE, Okla., Feb. 23.—(P)—District Judge Thurman Hurst, who will sentence Phil Kennamer, federal judge's son convicted of manslaughter in the death of John Gorrell, Jr., entered the court room here at 2:04 p. m. and took his seat upon the bench.

Judge Hurst opened court at 2:04 p. m. and J. A. McCollum, local counsel, sought to argue a motion for a new trial for Phil Kennamer before sentence was passed.

McCollum asked the motion for new trial be granted until a later date for argument. He was overruled.

"Are you ready for sentence?" Judge Hurst asked, and defense attorneys conferred briefly.

More than half an hour before court was scheduled to convene for the brief session the space behind the rail was crowded with Pawnee county folk. Few from Tulsa—from the society group that hung so closely on the words spoken during the long trial—were seen.

Several of the jurors returned to hear Judge Hurst's sentence. Jacob Clark, the farmer foreman, occupied a front seat with one of his children on his knee.

Kennamer entered with Sheriff C. M. Burkoll at 1:47 p. m. Still wearing the same blue suit he was wearing when he killed John Gorrell, and in which he testified for himself at midweek.

He had prepared a formal motion for new trial listing 15 alleged errors on which he planned to base his informal argument to the court.

Dr. J. F. Gorrell, father of the slain student dentist was in the courtroom, but was late reaching the court room.

Kennamer took a seat across the prosecution table from Holly Anderson and Tom Wallace, prosecutors, and exchanged joking remarks with them.

He appeared wholly unconcerned. He ordered and read seven newspapers this morning.

Judge Hurst agreed to hear Moss' discussion of the new trial motion.

Moss objected first, he said, to the testimony of several lay witnesses that they believed Kennamer sane. Moss said it was a futile gesture to qualify experts when laymen were permitted to testify on a similar basis.

PAWNEE, Okla., Feb. 23.—(P)—Today Phil Kennamer will hear Judge Thurman Hurst tell him how many years he must serve in prison for the slaying of John Gorrell.

Kennamer, still composed and in light spirits, was convicted of first degree manslaughter Thursday night by a jury of farmers and small retail business men.

The minimum sentence on this charge is four years in prison; the maximum life.

When Judge Hurst reads the sentence at 2 p. m. (CST.) it will mark the beginning of a legal battle to save the 19-year-old son of a federal judge from prison.

The first step will be the formal filing of a new trial; the second, appeal to the criminal court of appeals.

Following sentence Judge Hurst must fix bond for the youth and it was expected that his family and friends would post security, thus freeing Kennamer during the appeal.

The state has announced it would ask a sentence of 50 years and those who have observed Judge Hurst in the past agreed that he would fix a sentence in the neighborhood of 50 years.

Kennamer's father and other members of his family remained here through the two days of waiting for Judge Hurst to speak.

There were rumors and rumors and rumors, as there have been since John Gorrell was shot to death in Tulsa Thanksgiving night.

There were rumors of reopening the trial on new evidence and a story that arrests would be made in the Sidney, Born Jr., death.

Born, a friend of Kennamer, was shot to death a week after Kennamer surrendered. County officers said Born's death was suicide.

As the past, all reports were denied by officials who have said the case is "closed."

TWO FARM MEASURES FOR CHANGING CROP CONTROL OFFERED

WASHINGTON, Feb. 23.—(P)—

The advisability of substituting the cost of production principle for the parity principle in farm legislation was at issue today in a hearing arranged by the house farm bloc.

The organization, which includes representatives from 15 middle-western states, was called together to hear explanations of Representative Eicher (D-Ia.) and Representative Massingale (D-Ok.) of their bills to guarantee farmers cost of production plus a reasonable profit on crops consumed within this country.

Passage of either measure would mean a shift in farm policy by the federal government away from its present efforts to assure farmers satisfactory prices by controlling production of basic commodities.

Members of the farm bloc anticipated today's meeting would lead to a declaration by the group for or against the cost of production principle just as the bloc went on record last week for the Frazier-Lemke plan of refinancing farm mortgages after Representative Lemke (R-Ia.) explained his bill for issuance of \$3,000,000,000 in new currency to refinance such debts at 1-2 percent interest and annually.

Adoption of either plan would mean the junking of the present contract system of controlling production although the Eicher bill would permit recommendations for acreage reductions by the secretary of agriculture if supplies threatened to overwhelm demand.

Such reductions would be optional although non-compliers would be penalized in marketing their crops by being forced to accept the world instead of the domestic cost of production price for the percentage of their crop representing the ordered reduction percentage.

This feature and some others in the Eicher plan were inserted in an attempt to overcome past administration objections to proposals for cost of production legislation.

Drilling Progresses On Test Near Kerens. Drillers on the McCarter-McGlothlin H. A. Barnett No. 1 of the Ellis Powers survey, south of Kerens, were drilling below the 1116 foot level Saturday and making steady progress.

A core of sand and sandy shale was taken Friday between 1090 and 1102 feet.

PAWNEE, Okla., Feb. 23.—(P)—Today Phil Kennamer will hear Judge Thurman Hurst tell him how many years he must serve in prison for the slaying of John Gorrell.

Kennamer, still composed and in light spirits, was convicted of first degree manslaughter Thursday night by a jury of farmers and small retail business men.

The minimum sentence on this charge is four years in prison; the maximum life.

As the past, all reports were denied by officials who have said the case is "closed."

PAWNEE, Okla., Feb. 23.—(P)—District Judge Thurman Hurst, who will sentence Phil Kennamer, federal judge's son convicted of manslaughter in the death of John Gorrell, Jr., entered the court room here at 2:04 p. m. and took his seat upon the bench.

Judge Hurst opened court at 2:04 p. m. and J. A. McCollum, local counsel, sought to argue a motion for a new trial for Phil Kennamer before sentence was passed.

McCollum asked the motion for new trial be granted until a later date for argument. He was overruled.

"Are you ready for sentence?" Judge Hurst asked, and defense attorneys conferred briefly.

More than half an hour before court was scheduled to convene for the brief session the space behind the rail was crowded with Pawnee county folk. Few from Tulsa—from the society group that hung so closely on the words spoken during the long trial—were seen.

Several of the jurors returned to hear Judge Hurst's sentence. Jacob Clark, the farmer foreman, occupied a front seat with one of his children on his knee.

Kennamer entered with Sheriff C. M. Burkoll at 1:47 p. m. Still wearing the same blue suit he was wearing when he killed John Gorrell, and in which he testified for himself at midweek.

He had prepared a formal motion for new trial listing 15 alleged errors on which he planned to base his informal argument to the court.

Dr. J. F. Gorrell, father of the slain student dentist was in the courtroom, but was late reaching the court room.

Kennamer took a seat across the prosecution table from Holly Anderson and Tom Wallace, prosecutors, and exchanged joking remarks with them.

He appeared wholly unconcerned. He ordered and read seven newspapers this morning.

Judge Hurst agreed to hear Moss' discussion of the new trial motion.

Moss objected first, he said, to the testimony of several lay witnesses that they believed Kennamer sane. Moss said it was a futile gesture to qualify experts when laymen were permitted to testify on a similar basis.

PAWNEE, Okla., Feb. 23.—(P)—Today Phil Kennamer will hear Judge Thurman Hurst tell him how many years he must serve in prison for the slaying of John Gorrell.

Kennamer, still composed and in light spirits, was convicted of first degree manslaughter Thursday night by a jury of farmers and small retail business men.

The minimum sentence on this charge is four years in prison; the maximum life.

When Judge Hurst reads the sentence at 2 p. m. (CST.) it will mark the beginning of a legal battle to save the 19-year-old son of a federal judge from prison.

The first step will be the formal filing of a new trial; the second, appeal to the criminal court of appeals.

Following sentence Judge Hurst must fix bond for the youth and it was expected that his family and friends would post security, thus freeing Kennamer during the appeal.

The state has announced it would ask a sentence of 50 years and those who have observed Judge Hurst in the past agreed that he would fix a sentence in the neighborhood of 50 years.

Kennamer's father and other members of his family remained here through the two days of waiting for Judge Hurst to speak.

There were rumors and rumors and rumors, as there have been since John Gorrell was shot to death in Tulsa Thanksgiving night.

There were rumors of reopening the trial on new evidence and a story that arrests would be made in the Sidney, Born Jr., death.

Born, a friend of Kennamer, was shot to death a week after Kennamer surrendered. County officers said Born's death was suicide.

As the past, all reports were denied by officials who have said the case is "closed."

EIGHT QUINTS IN RUNNING SATURDAY WITH FINAL TONIGHT

EIGHTEEN CLUBS ON LIST
WHEN COMPETITION
STARTED

The first round of elimination in the Navarro county junior basketball tournament was staged Friday on the Y. M. C. A. court here, and as the Saturday morning games were started, eight teams remained in the running. Eighteen teams lined up at the post for the first day's games.

The quarter-finals started at 9 o'clock Saturday morning and continued for four hours through the 12 o'clock game. The winning teams in the morning games play at 2 o'clock and at 3 o'clock in the semi-finals to see how they will be paired for the final and consolation games this evening. The final game will be at 9 o'clock Saturday night; the consolation game at 10 o'clock.

The quarter-finals between the Rice and Navarro Independent teams at 7 o'clock.

Following are yesterday afternoon's results:

Navarro 21, Bryan 18; Independence 20, Lockhart 5; Powell 31, Bradley 3; Emhouse won a 2-0 forfeit when Pickett failed to show up; Rice 42, Phillips Chapel 3; Emmett 27, Wilson 11; State Home 20, Mildred 13; and Richmond 33, Mt. Nebo 1. Emhouse and Richmond were the only two teams that had to play two games yesterday, all the others having byes.

SPORT NOTES

By PAUL MOORE — Sun Sports Editor

Waco noded out the Purdon Lads, 24-19, for the district championship Saturday night and the right to compete in the regional meet later in the season. These two teams survived a field of seven counties and nine high schools. Purdon was the defending district and regional champion of this section of the interscholastic league. This loss was a bitter experience for the West Navarro cagers who had high hopes of repeating and returning to the state basketball tournament in Austin this spring.

John Tucker, Waco sports writer, placed Norton, center, and Kennedy, forward, both of Purdon on his all district five. Lumpkin and Sedberry of Waco were selected and the fifth member of the mythical aggregation was East of Prairie Hill, one of the finest players in Central Texas. Tucker also voiced the opinion that the Corsicana Tigers were the weakest team of the nine competing. Corsicana was easily eliminated in their first game by the Rosebud aggregation who were trounced in decisive fashion by the Wacoans.

Due to the drawings and bracketing at the district tournament, the Corsicana Tigers played two games, two Friday and two Saturday. Waco was in the lower bracket and played only one game Friday.

With the basketball season concluded Friday in Waco at the district tournament where they lost the opening game, Corsicana high school athletes will turn their attention to track and to spring football practice. Coach

John A. Pierce is planning to start track and spring gridiron practice this week or early next week. Several weeks will be devoted to fundamentals and running and later the tracksters and gridsters will be divided and the football boys will be given several more weeks of intensive training. The Bengal mentor and his assistants will be seeking to develop players to replace those 1934 stalwarts who have graduated or have played out their time. Prospects are fairly good for another winning team. The 1935 club will make a bid for the sixth district championship in a row while the Temple, Cleburne and Waco aggregations will be fighting harder than ever to unseat the Bengals.

The Southern Methodist Mustang five demonstrated Saturday night that their Friday's victory over the Arkansas Porkers was not an accident. They downed the Arkansas crew, 41-27, which threw the conference standing into a three-way tie between the Mustangs, Porkers and Rice. No substitutions were made Saturday night by the Mustangs. There is a strong possibility the trio will end the season in a tie for Arkansas place in the conference. The Mustangs, twice at Arkansas, S. M. U. meets Baylor in Dallas and Texas Christian in Fort Worth while the Owls play Texas in Austin and Baylor in Waco.

Gus Moreland, Dallas golf star, won the twenty-first annual Houston Country club golf tournament Sunday. It was his fourth Houston victory and is regarded as his comeback start.

NAVARRO, EMHOUSE, RICE AND STATE HOME MORNING WINNERS

FINALS IN JUNIOR BOYS BASKETBALL TOURNAMENT BE HELD SATURDAY NIGHT

Navarro, Emhouse, Rice and State Home boys won their quarter-final games in the junior boys' basketball tournament at the Y. M. C. A. court here Saturday morning, and were scheduled to meet at 2 o'clock and 3 o'clock in the semi-final games. Winners of the semi-finals will play the final game at 9 o'clock, and the losers will play for third place in the 8 o'clock consolation game tonight. Rice and Navarro's independent teams will play a curtain-raising event at 7 o'clock.

Eighteen teams started the tournament yesterday morning, and by night ten of them had been eliminated, leaving eight to play the quarter-finals this morning.

Navarro annexed the first Saturday morning game by taking down Independence 25-16 at 8 o'clock, and Emhouse won the right to meet Navarro in the first semi-final game by eliminating Powell 27-8. In the Southwestern bracket, Rice eliminated Emmett 26-15, at 11 o'clock, and State Home had little trouble at the hands of Richmond, and won 28-8. Richmond, who had made nearly half a hundred points to their opponents' one each, in two games, over Barry and Mt. Nebo.

JUNIOR BOYS CAGE TOURNAMENT OPENED Y FRIDAY MORNING

The junior boys county basketball tournament, something new in organized sports, got underway at the Y. M. C. A. Friday morning, and continuing throughout the afternoon and evening.

In the first game, Emhouse defeated Headquarters 52-1, and in the second game, Richmond won 45-0 over Barry.

The afternoon and evening pairings included the following games: Bryan vs Navarro, 1 o'clock; Independence vs Lockhart, 2 o'clock; Bradley vs Powell, 3 o'clock; Pickett vs Emhouse, 4 o'clock; Phillips Chapel vs Rice, 5 o'clock; Wilson vs Emmett, 6 o'clock; State Home vs Mildred, 7 o'clock; and Mt. Nebo vs Richmond, 8 o'clock.

The quarter-finals will start at 9 o'clock Saturday morning, and continue through the 12 noon game. The semi-finals will open at 2 o'clock Saturday afternoon and close after the 3 o'clock game. The final is slated for 9 o'clock Saturday night; the consolation for third position is at 8 o'clock Saturday night, and a curtain-raiser between the Rice and Navarro Independent teams will be played at 7 o'clock.

Eighteen teams were at the post when the tournament opened.

Following are this morning's box scores:

MY CHATS

By EDNA KENT FORBES

Beauty information desired by Edna Kent Forbes can be accompanied by a fully self-addressed, stamped envelope and two cents in stamps to cover cost of mailing and an illustrated pamphlet, "BEAUTY," ten cents in stamps will be enclosed. Address Miss Forbes in care of this paper.

COLORING GRAY HAIR FROM GRAY

Many ways of getting hair that no one unless she wants to suggest of methods of restoring color.

The new thing is pomade and I am telling you about it only as I would tell a piece of news. I have not as yet had an opportunity to test it, and know nothing about it, except that it is carried and recommended by very high-class stores. It sounds sufficiently good for me to suggest that you investigate it, and ask the shops about it. It is a pomade which you rub into the scalp just as you would rub on a tonic, by parting the hair and rubbing the cream along the partings. You do this frequently, and you don't see results for a while, but they claim that you will if you persevere. One woman says it took months in her case, but it was well worth waiting for. It is claimed that it restores the natural color of your own hair.

There are many methods which claim to restore the color of your hair. When you investigate them you find that they are a form of dye, although dyes these days can be perfectly harmless. What they actually do is to send color into the shaft of the hair exactly as you put coloring into a fabric when you dip it into a dye-pot. You can only choose whichever of the manufactured colors is the nearest to your own shade. The good firms, however, bring out so many shades, that there is no trouble about this, and in any case the people in the shops can combine these shades as to match your natural coloring exactly. The most important thing to remember is that you must always go to a good shop, since they will only handle guaranteed goods.

W. A. J. E.—The easiest way to bleach darkened blonde hair is by using peroxide on it. If your hair is still a light shade of brown, you may only need to rinse in water that has some peroxide in it. Make this the final rinse after a shampoo, and add two table-spoonsful of the peroxide to a quart of water. The only trouble about peroxide is it is very drying to the hair, but this tendency may be offset by using plenty of oil on the scalp. Do this a number of hours before the shampoo, and the scalp will retain some of the benefit from the oil for a day or two, or until there is enough natural oil secreted to care for the hair again.

Tomorrow—Vitamin And Diet

Man Seriously Injured At Oil Drilling Rig

Roy Lock, 43, of Henderson, is in a critical condition in the Navarro Clinic, with little chance of recovery, as a result of injuries received when he became entangled in a cat-head or spinning line at a drilling rig near Fairfield Wednesday night. He was brought here in a Burleson (Fairfield) ambulance.

He received a broken right leg, broken left wrist, broken left elbow, broken right wrist, a serious head injury, and two mangled fingers of the left hand, which necessitated amputation.

Drilling Resumed.

DAWSON, Texas, Feb. 22.—Machinery at the oil test well one mile north of Dawson was put in operation Wednesday. Work was suspended on the well several months ago after a depth of 700 feet had been reached. The hole will be cleaned out and preparations will be made to complete the well if leases can be renewed.

Planting Trees at Dawson. DAWSON, Texas, Feb. 22.—Tree planting has been underway here during the past several days and a total of 1,010 trees had been planted this week with 200 more to be put out.

SUB-STRATOSPHERE FLIGHT BY POST IS FAILURE ON FRIDAY

LEAKY OIL LINE SENT NOTED FLYER DOWN SHORTLY AFTER TAKE-OFF

LOS ANGELES, Feb. 22. (P)—Undaunted by the failure of his first attempt to fly the sub-stratosphere from Los Angeles to New York, Wiley Post returned today from Muroc Dry Lake, where he was forced down by an oil line leak and said he hoped to take the flight again "in a few days."

Post, who had gone only 125 miles when he saw his oil gauge had dropped and realized he would have to land, said he believed he had "lost" his weather and that conditions would not be right tomorrow or the next day. "But I hope to get going again very soon, probably in a few days," the flier said.

"I got away fine," Post said, "and climbed rapidly to 24,500 feet, where I leveled off. I think I was about 35 minutes away from Los Angeles at that altitude. Everything was running fine. Compasses and radio were operating perfectly."

"Then I noticed my oil pressure dropping. I found out in a few minutes that I had a leaky oil line. I knew then I'd have to turn back, so I was returning to the Union Air terminal but the pressure dropped so fast I was afraid I'd never be able to get back."

"I decided then to come down at Muroc Lake."

LOS ANGELES, Feb. 22. (P)—Wiley Post's projected sub-stratosphere flight across the continent after a new speed record ended in a forced landing in the Mojave desert today.

The noted flier skidded his round-the-world plane Winnie Mae to a stop on its "belly skid" at Muroc Dry Lake, 125 miles northeast of here, not long after the take-off from Los Angeles for New York.

Post was unhurt and he reported a bent propeller plate was the only damage to the plane.

Post said the plane was damaged to plane except bent propeller plate," he telegraphed. "You can land alongside me with ease."

Officials of the Lockheed Aircraft corporation announced the plane with mechanics were being sent to the scene.

At the takeoff at 6:07:15 a. m., Post dropped the landing gear of his plane to increase its speed, making it necessary to land on the small 600-foot wooden skid attached to the fuselage.

The dry, hard-laked ground at Muroc, an extinct salt lake, provided an excellent spot for the hazardous feat.

Hoped to Set Record.

The 35-year-old former Oklahoma farmer, who lost the sight of one eye working in the Oklahoma oil fields, dropped his landing gear just after taking off. Planning to land on a small six foot wooden skid newly attached to the plane.

He carried a load of mail, "Winnie Mae," waved to a handful of spectators standing near the runway, and gave the gun to his plane.

Among those present to see him off was Will Rogers, the comedian-humorist.

Planned to Fly High.

In one of aviation's most audacious exploits, Post planned to "fly above the weather" at speeds of 100 miles or more and reach Floyd Bennett Field in less than 8 hours—a new transcontinental speed record.

Post was without a sending radio set. For his flight beyond the range of the radio, he had a receiver set to give him weather reports and to guide him along regular routes to New York. His set was so equipped that he could fly into New York by the direction indicated by a "Rudy Vane" home radio program, according to the compass indicator in his ship.

He undertook the flight to test the feasibility of ultra-altitude flying for commercial type planes such as his five-year-old "Winnie Mae" in which he has flown around the world twice in record-breaking flights.

Before he donned his 16-pound oxygen and pressure suit of rubber, cloth and aluminum helmet, Post said he contemplated flying about an average of 35,000 feet.

The suit was designed to protect Post from temperature of more than 60 degrees below zero and atmospheric pressure. It is fed from an oxygen and pressure tank.

Funeral Services

For Navarro Native

ENNIS, Feb. 22.—Funeral services for Gus Brooks, aged 64 years, native of Navarro county and resident of Ennis since 1875, who died in a local hospital Tuesday, were held here Wednesday.

Equipment Through.

LOS ANGELES, Feb. 22. (P)—T. J. Healey, trainer for the famous Cornelius Vanderbilt Whitney stable, announced today that Equipose, seven-year-old champion and one of the greatest money-earning horses of all time, had run his last race and will be retired to stud.

Grains and Provisions

PORT WORTH, Feb. 25. (AP)—Domestic grain for export showed some improvement, especially for wheat. Receipts were: wheat 1 car; corn 12; oats 6; and sorghum 1.

Delivered Texas Gulf port, export rate or common points: No. 1 hard 2.03-2.05; No. 2 nominally 83-87; No. 3 nominally 82-85; No. 4 nominally 81-83; No. 5 nominally 80-82; No. 6 nominally 79-81; No. 7 nominally 78-80; No. 8 nominally 77-79; No. 9 nominally 76-78; No. 10 nominally 75-77; No. 11 nominally 74-76; No. 12 nominally 73-75; No. 13 nominally 72-74; No. 14 nominally 71-73; No. 15 nominally 70-72; No. 16 nominally 69-71; No. 17 nominally 68-70; No. 18 nominally 67-69; No. 19 nominally 66-68; No. 20 nominally 65-67; No. 21 nominally 64-66; No. 22 nominally 63-65; No. 23 nominally 62-64; No. 24 nominally 61-63; No. 25 nominally 60-62; No. 26 nominally 59-61; No. 27 nominally 58-60; No. 28 nominally 57-59; No. 29 nominally 56-58; No. 30 nominally 55-57; No. 31 nominally 54-56; No. 32 nominally 53-55; No. 33 nominally 52-54; No. 34 nominally 51-53; No. 35 nominally 50-52; No. 36 nominally 49-51; No. 37 nominally 48-50; No. 38 nominally 47-49; No. 39 nominally 46-48; No. 40 nominally 45-47; No. 41 nominally 44-46; No. 42 nominally 43-45; No. 43 nominally 42-44; No. 44 nominally 41-43; No. 45 nominally 40-42; No. 46 nominally 39-41; No. 47 nominally 38-40; No. 48 nominally 37-39; No. 49 nominally 36-38; No. 50 nominally 35-37; No. 51 nominally 34-36; No. 52 nominally 33-35; No. 5

MAN FACE AND REPROACHES FOUND OFFERING OB- SCENE PICTURES FOR SALE AND FATHER TO BE TOLD

SAMUE, Okla., Feb. 25.—(AP)— Ramifications of the "obscene pictures" case that brought death to a Holiness preacher and a murder charge in the offering for his 14-year-old son, extended to Oklahoma City today as a postal authority there announced his intention to investigating to learn whether the mail laws were violated by the sending of the pictures.

"We will investigate the boy's story," said Maurice Foster, postal inspector. "That is a serious offense and it could make a strong case if the pictures were sent through the mails."

The boy, Jack Campbell, who sobbed his story that it was easier to kill his father than to face him after he discovered with pictures, said "somebody in Oklahoma City was sending me the pictures to sell here. I guess I wasn't doing right."

Meanwhile Ralph T. Hood, Young county attorney, prepared a murder charge and said he would file it today against the youngster from Carter, who has been in jail here since shortly after the slaying Saturday.

The grieving mother of the boy found his act all harder to understand because he and his daddy "were always crazy about each other."

Press Rogers, Carter marshal, found the boy with the pictures. Of his father, the lad said, "when Mr. Rogers said he was going to tell, I just couldn't stand to face father. It was easier to kill him than to face him. He was very nice to me. He was my buddy."

Missing Twins Found Monday; Lost in Swamp

WASHINGTON, Feb. 25.—(AP)— The eight-year-old twins, John and Margaret Miller, who were the objects of a frenzied all night search after they disappeared yesterday in Indian creek swamp in nearby Maryland, were found early today on the Baltimore-Washington pike by a Maryland county policeman.

The officer, Claud Reese, of Prince George county, reported the two children were straggling along the highway. They said they had wandered through the swamp until nightfall, then fallen asleep in a pine thicket, making a shelter of their coats.

They were brought immediately to the home of their parents, Mr. and Mrs. George F. Miller, which the father had just left to join another searching party. The twins wandered away yesterday while the family was having a picnic near the swamp.

Harness Stolen From J. A. Young Barn Sunday Night

A set of wagon harness, two sets of lines and two bridles were stolen from the farm of J. A. Young, southwest of Corsicana, Sunday night, when his barn was burglarized, he reported to the sheriff's office Monday morning. His garage was also entered after a lock was broken but nothing was missed, he reported.

Sick and Convalescent.

Mrs. C. A. Copley of the Dawson community, daughter of Judge and Mrs. M. B. Copley, of Corsicana, seriously ill for the past several weeks, is not improved, Judge Bryant stated Monday morning, following a visit with his daughter Sunday afternoon.

Corporation Court.

One charge of disturbing the peace, one of sleeping in a public place, four of intoxication, three of intoxication and disturbing the peace, and one of intoxication and reckless driving appeared on the docket of the Corporation Court Monday morning for the action of Judge H. S. Meier.

Are you going to profit by the natural upward in real estate caused by the FHA program of financing. Cal Kerr can help you.

THE CORSCICANA DAILY SUN DAILY PATTERN

NECKLINE AND SLEEVES FOR EVERY TASTE

Pattern 2197

You can make yourself a mighty smart spring and summer wardrobe right from this one pattern. Simplicity's the thing—shirtmaker frocks are "the top"—and here's a beautifully fitting model that may take many variations. Made in the silk or print it is perfect under coats now and on into the other makes it again as in the other sketch—with square neckline and loose sleeves, in a solid color. Then start all over and use a striped or checked silk of printed lawn. The material influences the frock to a great extent—and this is a perfect one for developing the lovely new fabrics.

Pattern 2197 is available in sizes 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40 and 42. Size 18 takes 3-1/4 yards 39 inch fabric. Illustrated design, step sewing instructions (15c) in Send Fifteen (coins preferred) coins or stamps. Write to: Anne Adams Fashion Pattern Book, 243 W. 17th St., New York City. Select your spring clothes now for Spring is out! It shows you the word in town and country clothes—the newest togs for children—the fashionable party gowns—designs for those who are not slender—debutante fashions. Its forty pages brimming with lovely new clothes—and every garment is one you can make with easy-to-use Anne Adams Patterns. Send today for your copy! Price of book fifteen cents. Pattern and book together, twenty-five cents. Address orders to the Corsicana Daily Sun Pattern Department, 243 W. 17th St., New York City.

Courthouse News

District Court.
The following have been summoned as petit jurors for the ninth week of the January term of the Thirteenth judicial district court for the week beginning Monday, March 2: Kerens R. C. Woodruff, Barry; Alex. Bryant, Blooming Grove; R. A. Carroll, Blooming Grove; J. F. Estes, Roane; Dave Daniel, Corsicana; R. W. Barham, Blooming Grove; Ed Wood, Corsicana; H. Jackson, Richmond; S. E. Gaines, Frost; Johnnie Strange, Frost; R. O. Johnson, Corsicana; I. T. Kent, Corsicana; O. S. Rich, Corsicana; B. L. Banks, Powell; W. E. Knight, Barry; W. L. Johnson, Barry; R. H. Farish, Barry; 1; Henry Nicholson, Blooming Grove; George C. Henry, Rice; C. Crawford, Kerens; Fred Copeland, Purdon; J. A. Burke, Blooming Grove; Alben Brooks, Corsicana; Tenison Whorton, Kerens; Jim B. Robinson, Corsicana; Lee Floyd, Kerens; T. J. York, Corsicana; Roy Canady, Corsicana; J. W. Edens, Corsicana; J. W. Reedy, Dawson; G. W. Kent, Powell; J. A. Roberts, Corsicana.

Trustee's Deed.
B. L. Sanders, agent and attorney in fact for A. C. Williams, substitute trustee for C. V. Winters, et ux, to the Federal Land Bank of Houston, Texas, 100 acres of the Thomas B. Harding survey, \$2,000.

Marriage Licenses.
Wilson Howell and Inez Woodward. Edward Higginbotham and Ida Moore.

Sheriff's Office.
Four men were arrested during the week-end by Deputy Sheriff J. M. Westbrook and Jack Floyd in connection with the alleged burglarizing of a barn on the A. Prince farm several miles northwest of Corsicana Saturday night when approximately 75 bushels of oats were alleged to have been stolen. One of the four was arrested in Corsicana and the others were arrested near the Prince farm. Formal complaints were scheduled to be filed in Judge M. Bryant's court during the day by the criminal attorney's office.

District Clerk's Office.
The following case was filed: Katherine Spell Pinkston vs. Nat. C. Pinkston as independent executor of the estate of L. A. Pinkston, deceased, garnishment after judgment.

Assignments.
J. E. Davant to Wm. C. McGlothlin, 1-2 undivided interest in 2,177.70 acres of the B. P. Bustin, Evan Lowry, James DeArmon, James Powell, Rachel Leach, John Garrett, Harvey Homan, F. R. WAYNE HOWELL WILL BE MAIN SPEAKER AT TEXAS EXES BANQUET

Wayne R. Howell, local attorney, will be the main speaker at the annual March Second banquet of the Navarro County University of Texas Ex-Students association Saturday night in the Parish Hall of St. John's Episcopal church.

Edward M. Polk, Jr., president of the organization, has stated that Exes residing in Navarro county are urged to attend the meeting and the officials will appreciate the early purchase of tickets in order that preparations can be made by the ladies of the church who will serve the banquet.

Mrs. L. S. Cooper will have charge of the musical program. Gabe Goldberg is in charge of tickets while Bliss Jester is in charge of the menu.

Man's Heart Stopped, Stomach Gas Cause

W. L. Adams was bloated so with gas that his heart often missed beats after eating. Adierika rid him of all gas, and now he eats anything and feels fine.

McPherson Drug Co., McDonald's Pharmacy, and Johnson Drug Co., Inc.

Card of Thanks.

We take this method of thanking each one for their many kind deeds and sympathy shown us during the illness and death of our dear husband and father. We also want to express our thanks and appreciation for the beautiful flowers and foods sent in by friends. We especially express our appreciation for the faithful service of the nurses and doctors. May God's richest blessings be with you in our prayer.

Odd Fellows at Waxahachie.

Approximately 200 Odd Fellows attended the district meeting held in Waxahachie Friday night with delegations present from Tyler, Paris, Kaufman, Dallas, Lancaster, Hillsboro, Frost, Corsicana and Ennis.

Slight Local Fire Damage On Sunday; Rice Fire Saturday

Explosion of a gasoline stove resulted in loss estimated by fire department officials at \$300 to the Rice Ball Filling station on North Commerce street about 8:15 Sunday morning.

The department also answered a call for help to Rice about 8:30 Saturday night and assisted in extinguishing flames in a warehouse alongside the Southern Pacific tracks. A considerable amount of corn in the warehouse and a box car were destroyed. Details of the fire and ownership were not available Monday. Several other box cars on the same siding were moved out of the danger zone by a tractor.

NEGRO EX-CONVICT HELD IN CONNECTION THEFT OF CLOTHING

City Detectives Bruce Nutt and Ruf Tickle arrested a negro ex-convict Saturday in connection with the theft of some clothing from Dr. Carraway, negro doctor. Burglary and theft charges will be filed against the negro.

The clothing was recovered and officials reported that the negro admitted forging a check for \$6 on C. A. Highnote on January 19, and another on February 12 on J. C. Finchbeck for \$225, and passed both on Corsicana merchants. He is still being investigated by city officers.

Another negro was arrested by City Officers and Marion Griffin on charges of theft under \$50 in connection with the theft of a watch from the negro doctor. The watch was recovered.

Automobile Stolen From Home Driveway Early Sunday Night

Rufus Hardy, Jr., reported to police officials Sunday night that his automobile had been stolen from the driveway of his home at 615 West Third avenue. No trace of the car had been found Monday.

An attempt to steal an automobile in front of the residence of Dr. W. T. Shell, four blocks west of the Hardy home, was also reported.

IMAGES OF PAST TO GAZE OVER BIG SHOW BE HELD SAN DIEGO

SAN DIEGO, Feb. 25.—(Sp.)— From the facade of the beautiful San Diego art museum, the stone faces of Cabrillo, Viscaino, Portola and Vancouver, doughty explorers of hygone centuries, gaze out over the once-somnolent charms of San Diego's 1400-acre Balboa Park, site of the California Pacific International Exposition, which opens on May 29.

In the middle of the Plaza de Pacifico, El Cid, medieval hero of Spain, sits in bronze majesty, astride his snorting steed, holding aloft in his grasp the banner of his effulgent realm.

If these heroic images could speak today, they might utter strange words about the sudden swirl of activity that now presides in Balboa Park, where a corps of workmen and employees are preparing for the influx of visitors to America's Exposition-1935.

Cathedral-like architecture of the Spanish Renaissance period will vie with the severe, modernistic lines of the Palace of Travel and Transportation, the Ford Building and the many other proud buildings that are tearing their heads in this storied land.

Yet in the midst of all this activity, the onlooker feels always the spell of those brave adventurers who first trod this land, the vanguard of a far-flung empire of a splendid yesterday.

COUGHS

Don't let them get a strangle hold. Fight them quickly. Croomulsion combines 7 helps in one. Powerful but harmless. Pleasant to take. No narcotics. Your own druggist is authorized to refund your money on the spot if your cough or cold is not relieved by Croomulsion. (adv.)

Glasses THAT FIT YOUR EYES

You may have faulty eyesight and not know it! Many people do. It's part of our job to tell you accurately and honestly just what condition your eyes are in. If you do need glasses, we can fit you correctly with lenses that will restore your normal vision.

Modern, scientific apparatus to test your eyes.

Mattress Making Demonstration In Oak Valley Sector

A mattress making demonstration will be given Tuesday, February 26, at the home of T. E. Young, about two miles southwest of Corsicana in the Oak Valley community, according to an announcement Saturday.

Here's Planned Defense AGAINST COLDS

When Colds THREATEN
...VICKS VA-TRO-NOL

If a Cold STRIKES
...VICKS VAPORUB

At the first warning sneeze, stuffiness or nasal irritation, quick!... apply Vicks Va-tro-nol—just a few drops up each nostril. Its timely use helps to prevent many colds, and to throw off colds in their early stages.

Don't experiment or take half-way measures. Rub on Vicks VapoRub—standby of two generations for relieving colds. Its direct double action—by stimulation and inhalation—helps to end a cold.

BUILD RESISTANCE TO COLDS—by following the simple health rules that are also a part of Vicks Plan for Better Control of Colds. (Full details of this clinically tested Plan are in each Vicks package.)

VICKS PLAN FOR BETTER CONTROL OF COLDS

10 a. m. and all clubs who have not had a demonstration are invited to send delegates. It was announced that the meeting would be a "one dish" affair and at- tendees were asked to govern themselves accordingly.

Cal Kerr says there are three elements for success in selling your property — modernization, long-term financing and advertising.
